

# The Oxford Reform Club

The Force For Change

## Oxford University's Premiere Political Society

Dedicated to radical, progressive and pro-European politics from across the political divide. Today it is one of the largest political societies and the fastest growing.

## Meet the Leaders of Today

Your chance to meet and talk with senior politicians and well known media personalities. Stephen Dorrell MP, newly appointed to the Cabinet, will be amongst our many guests addressing the club next term.

## ...And Tomorrow

Our famed socials and the prestigious Club Dinner act as a focal point for the Oxford political scene.

## Leading the Debate

Through our Speaker Meetings and Open Forums, a high level of debate is maintained on a very intimate scale. Take the opportunity to see your views in print in our publications, like our magazine, Progressive Thinker.

## Leading in Politics

The Club is actively involved in elections, both in the University and beyond. It's fame and influence has spread widely through its pro-European campaigns...why not join us on our next trip to Brussels?

"You are playing a vital part in educating future politicians."

Rt Hon Neil Kinnock MP

"The more I hear about the Reform Club, the more I like what I hear"

Lord Howe

"I know that your hard work will be rewarded and your plans meet with great success"

Senator Edward Kennedy

"That most interesting Oxford Club... I like your crowd and what you stand for..."

Edward Pearce. Guardian 24th Feb 1993
