

Oxford Reform Club
Nick & Natalia For Joint President

What we want to do for the club:

Increase membership involvement -

- Create a college reps. system: in every college there would be a member to tell people about the club, encourage them to come to events and provide an informal link with the club. An active member in each college is a practical way of improving ticket sales for social events.
- Conduct a survey of all members to find out what people want from the club.
- Hold informal drinks/coffee parties for members.
- Try to make all meetings more social by continuing to provide free drinks.

Financial responsibility -

- Secure the long term future of the club by finding a major sponsor, and improve our links with local companies. A budget will ensure that the club remains solvent.

Continue Recruitment from Michaelmas -

- Recruit throughout Hilary: we will keep recruiting when other societies have given up.
- Prospective members will be invited to informal drinks with the Presidents.

Better Social Events -

- A Venetian Masquerade at a classy venue, a buffet and ballroom dancing. Cost - around £15 per head with a discount for Reform club members.
- Themed parties such as a French or Italian cheese and wine party
- The Hilary dinner, plus another higher quality dinner, possibly at Lincoln or Merton.

More Varied Speakers -

- Interesting and varied speakers who people will be keen to listen to.
- Experience/contacts with speakers: Nick has organised speakers for Young European Movement seminars; Natalia has worked at the Foreign Office and the House of Commons.

Why we are standing jointly

- A joint presidency will benefit the club by providing double the ideas, double the expertise and double the time that one person can, and is the best way forward for an expanding club.
- Varied experience in running the club (Natalia in Marketing, Nick in Sponsorship)
- Clear idea of how a joint presidency will work, with a careful and ordered division of responsibilities between us. We promise to work in close co-ordination and keep in touch regularly.

Natalia Nowakowska
is Reform Club Marketing Officer

Nick Kerigan
is Reform Club Sponsorship Officer
